November 4, 1986

Mr. David D. Gries, Director
Office of Congressional Affairs
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Gries:

I would appreciate an opportunity for a member of our staff, Mr. William Boesman of the Science Policy Research Division, to receive a briefing from your staff on the subject of Soviet science and technology. Mr. Boesman particularly would like to discuss that subject with the authors of A Study of Soviet Science, dated December 1985.

Mr. Boesman is acquainted with [redacted] who was employed by the Congressional Research Service during 1985-86, and Mr. [redacted] who was a fellow student with Mr. Boesman at the National War College during 1985-86.

Mr. Boesman has a top secret clearance. The Library of Congress personnel security office, Mrs. Cynthia A. Wilkins, can provide any information you might require about his clearances. Her telephone number is 287-5618.

The opportunity for Mr. Boesman to visit the Agency will provide CRS with additional insights and information that will be useful in our service to the Congress. I thank you for your consideration.

Sincerely,

A handwritten signature in dark ink, appearing to read "Joe E. Ross".
